ROYAL ALBERT DOCK LIVERPOOL

Royal Albert Dock Liverpool has been a pioneer of regeneration in the Liverpool City Region since it re-opened in 1984. The Royal Albert Dock Liverpool Charitable Foundation continues this work, creating opportunities for work and education for young people in partnership with the tenants of the Dock.

The Royal Albert Dock Liverpool Charitable Foundation would like to thank the young people from Bank View High School, Sandfield Park & Greenbank College who were involved in the development of the questions for this Adventure Trail as part of the Intern to Work programme. Thanks also to Children's University and all our partners.

We would love to hear about your experiences and memories. Tell us on the page opposite or connect with us on twitter **@AlbertDockCF**
